

## USAGE

The ideal post with slots. It is adapted to wine culture but also to ornamental/fruit trees culture.

## TECHNICAL CHARACTERISTICS

Nature of steel : DX 51 D

Type of galvanisation : Z275

Steel norm : NF EN 10346

Process : Galvanisation before streamlining

Galvanisation norm : NF EN 10346

Total thickness : 1.50 mm +/- 10%

Thickness of : 20.00  $\mu$

Available lengths : 1.4 to 2.7 m
